SECTION 15. PAID TIME OFF (PTO)

A. Accrual of PTO

Full Time, Part Time and Short Hour RNs accrue PTO from their first day of employment based on their actual hours worked including overtime, exclusive of missed meal/break penalties. PTO is accrued based on a maximum of eighty (80) hours paid per pay period. PTO hours are used for the paid recognized holidays and may be used for vacation, illness, family emergencies, religious observance, preventative health or dental care, personal business and other elective absences.

Current accruals will remain in effect through the final pay period in 2021.

Effective the first full pay period in January, 2022:

Accrual Schedule for Full-Time RNs:

Months of Service or Years of service Annual Accrual

0-23 months	0-1 year	26 days PTO
24-59 months	2-4 years	31 days PTO
60-119 months	5-9 years	36 days PTO
120 months & over	10+ years	41 days PTO

Part-time and short hour employees who work less than a full straight-time week (40 hrs.) shall accrue PTO on a prorated basis. The proration shall be based on the ratio of actual hours worked in the week to the full straight-time workweek.

B. PTO Eligibility

All full time, part time and short hour employees are eligible to utilize accrued PTO.

C. The Use of PTO

PTO, as with all other time off, must be requested in writing in advance of the time off desired, and approved in writing by the supervisor/manager, except for emergency or illness. Approval will be based upon the supervisor/manager's determination of the department or unit's staffing needs.

Individual PTO requests are granted based on first in, first granted, with seniority in the bargaining unit being the tie breaker and with consideration for time taken the prior year during periods considered highly desirable (e.g., those surrounding or including recognized holidays). The Registered Nurse must receive an answer from the immediate supervisor/manager regarding approval or denial of the PTO request within two weeks of making the request. PTO requests shall not be unreasonably denied. Once a PTO has been approved, management may not rescind it. The Registered Nurse must have enough PTO accrued at the time a requested PTO is to be taken.

D. PTO Maximum

Hours over 328 will be automatically cashed out on the first pay date each December without a 6% penalty, and voluntarily cashed the first pay date in April with a 6% penalty.

E. Payment Upon Termination

The employee will receive payment for all PTO hours accumulated at the time of termination.

F. PTO Hardship Distribution:

Employees who have a PTO bank balance of more than eighty (80) hours may be eligible to request a PTO payment due to hardship outside of the designated sell back periods once per rolling backward 12-month period. Hardship is defined as an **extreme** financial hardship as a result of catastrophic events beyond the employee's control, and the requested funds are necessary to satisfy that financial need. Documentation of circumstances will be required prior to approval. The PTO hardship payout is subject to six percent (6%) penalty/forfeiture in addition to all applicable payroll taxes.

G. PTO Cash Out

Eligible employees who have a PTO bank balance of at least eighty (80) hours may be eligible to request a “sell-back” of PTO once per year.

Requested hours will be paid on the first pay date in April of each year. The request must be submitted through the Employee Self Service for final approval and delivery to the Payroll department.

PTO hours will be deducted from the employee’s PTO bank. These hours will be converted to dollars based on the employee’s current hourly rate excluding any shift differential. The PTO sell-back amount is subject to six percent (6%) penalty/forfeiture in addition to all applicable payroll taxes. PTO sell-back will be distributed via normal payroll distribution channels.

H. Donation of PTO to an Employee under Emergency Circumstances

Employees who have a PTO bank balance are eligible to request a transfer of any amount of accrued PTO hours to another PTO-eligible employee at the same affiliate or legal entity who has experienced an unanticipated Medical Emergency. Employees can contribute hours that will maintain a balance of eighty (80) hours in his/her PTO bank. A Medical Emergency is a medical condition of the employee or a family member of the employee that will require a prolonged absence of the employee from duty and will result in a substantial loss of income to the employee because the employee will have exhausted all accrued PTO. The receiving employee must have exhausted all forms of payment prior to receiving a PTO donation.

SECTION 16. PTO UTILIZATION

A. Two Sessions for PTO Requests

1. Request by February 1 for vacation dates September 1 of the same year through April 31st of the following year will be approved and granted by seniority.
2. Request by September 1 for vacation dates for the following months of the following year – May 1 through August 31 will be approved and granted by seniority.

B. Vacation at other times of the year will be on a first come, first served basis – Subject to management approval. The requests shall be answered no later than 15 day from the date of the request. Vacations that include both Christmas and New Year’s Day may be denied.

C. Seniority in the bargaining unit will be used as the tie breaker when multiple requests are made for the same time period. However for holiday weeks, rotational seniority (most senior RN that has not been granted that week in the past 3 years) will be used in the case of multiple requests. Vacation requests shall not be unreasonably denied. Once a vacation has been approved, management may not rescind it. The RN must have enough PTO accrued at the time a requested vacation is to be taken.

7. If an employee takes an MLOA, returns to work and then returns to a medical leave of absence status, the leave is subject to the maximum limit.

F. Family Care Leave (FMLA/CFRA) and Pregnancy Disability Leave

FMLA/CFRA and PDL leaves of absence will be granted in accordance with applicable law. FMLA/CFRA shall be recorded in accordance with the twelve (12) month rolling period measured backward from the first date the employee commences leave under FMLA/CFRA.

1. Eligibility:

Regular full-time, part-time and limited term employees are eligible for coverage. STD eligibility begins on the day immediately following the date the employee completes three (3) months in a full-time, part-time, or limited term position, as long as the employee is in an active status with PAMF and not currently in a leave status. To receive STD benefits under this program, the employee must be on an approved medical leave of absence and apply for state and/or federal wage replacement programs (i.e. State Disability Insurance (SDI), Social Security (SS), Total Temporary Disability (TTD)), where applicable. Details regarding the benefits and terms of coverage are outlined in the Human Resources Policy - Short Term Disability Salary Continuation.

2. Benefits provided:

- a. STD is a supplemental wage replacement benefit provided to the employee in the event of total and continuous disability up to approximately sixty-six and two-thirds (66-2/3) of their normal pre-disability gross earnings when integrated with state and/or federal wage replacement programs.

- c. Employees can elect (on the Request for Leave of Absence form) whether to use accrued PTO to cover any applicable elimination period and to integrate PTO with other wage replacement benefits if the leave is covered under FMLA/CFRA, PDL, or Military Leave. If the employee does not affirmatively decline using PTO, the Medical Center shall integrate accrued PTO with all applicable forms of wage replacement.

If the leave is not covered by FMLA/CFRA, PDL, or Military Leave, the Medical Center requires the use of accrued PTO.

- d. PTO may also be used to supplement state and/or federal wage replacement programs and STD to provide income up to approximately one hundred percent (100%) of pre-disability gross pay based upon FTE status. Payroll will automatically integrate PTO with the above benefits if the employee does not specifically designate on the Leave of Absence Request Form to not integrate PTO.

3. Calculation:

- a. Day 0-3 (elimination period) will be unpaid under the STD benefit for occupational disabilities.
- b. Day 0-7 (elimination period) will be unpaid under the STD benefit for non-occupational disabilities.

The maximum benefit period is one hundred and eighty (180) calendar days from the date the disability begins.

5. **Qualifying Period:**

Re-occurrence of the same disability within one hundred and eighty (180) calendar days of the onset of the original disability will be treated as a continuation of the original disability. The employee will not be subject to another elimination period; however, all time for the original period of disability will be counted in determining the remaining benefit period. Once an employee has exhausted all of his or her one hundred and eighty (180) calendar days of disability of STD benefit, the employee will not be entitled to additional STD pay for the same disability until he or she has returned to work in active status, for a period exceeding one hundred and eighty (180) calendar days.

MEMORANDUM OF AGREEMENT

BETWEEN

Palo Alto Medical Foundation and Engineers and Scientists of California, Local 20

The following Memorandum of Agreement is between Palo Alto Medical Foundation and Engineers and Scientists of California, Local 20, representing the PAMF Santa Cruz Infusion RN bargaining unit. This agreement shall apply retroactively to July 2, 2019.

Tuition Reimbursement

1. All full-time and part-time employees who have successfully completed their introductory period are eligible for Tuition Reimbursement.
2. The maximum tuition reimbursement that an Eligible Employee, including Eligible Employees employed at multiple Sutter Health Legal Entities, may receive is \$2,500 per calendar year. Approved requests for tuition reimbursement will be reimbursed at one hundred percent (100%) of covered expenses, up to the calendar year maximum.
3. Eligible courses include courses that appear likely to lead to improvement in skills and knowledge in the employee's present job or reasonable potential advancement to a higher skill level or position. The course of study must be offered through accredited institutions, including, but not limited to colleges, universities, and business/technical/or vocational schools. In addition, other courses that are eligible for reimbursement include: Graduate Equivalency Degree (GED) courses from an accredited institution and English as a second language (ESL) course from an accredited institution.
4. Excluded from tuition reimbursement are seminars, conferences, and workshop. Course work or other education involving sports, games, or hobbies are also not eligible for reimbursement under this policy, unless that course work or education is related to the affiliate's business or required as part of the employee's degree program. It is not the intent of this benefit to provide or guarantee accumulation of continuing education credit. Course work must not conflict with the employee's work schedule, including overtime and standby requirements, if any (unless otherwise approved by an employee's supervisor).
5. Covered expenses include tuition fees, lab fees, registration fees, and costs of required books. Covered expenses shall not include the costs of commuting, parking, application fees, ID fees, graduation fees, archive fees, deferred payment fees, late fees, entrance exams, expenses for miscellaneous school supplies and materials, expenses for uniforms, expenses for books that are not required by the course syllabus, expenses for graphing calculators, laptop or other computers, printers, any other specialized equipment, mail-in registration fees, fees for non-residents that have not been previously approved by the Employer, any other special or non-recurring fee, costs for meals, or costs for lodging that are incurred by an employee and are incidental to the taking of an eligible course.
6. Employees desiring tuition reimbursement shall complete the tuition reimbursement form and submit the completed form to their supervisor for approval at least three (3) weeks prior to the starting date of the course(s). If the tuition reimbursement request is denied, the employee is responsible for all costs. Costs for fees and books should be estimated on the tuition reimbursement form. The supervisor shall review the request and confirm or deny course eligibility. If approved, the supervisor shall sign and return the form to the Eligible Employee. A new request shall be completed for each semester or similar period of study.

Should an employee use all funds available in a calendar year, no further benefit will be paid even if a Tuition Reimbursement Request has previously been filed and approved.

7. To receive reimbursement for an approved course, the employee must remain an eligible employee for two (2) weeks beyond the last day of instruction. Employees shall submit the following items to S3 Benefits no later than four (4) months after the course has been completed including any required exams (however, if the course is for the fall semester and it is the employee's desire to have the costs applied to the current year's maximum tuition reimbursement, they need to be submitted by the first Friday in December of the current year). It is the employee's responsibility to ensure documentation is received accordance with the required timelines.
8. A copy of the approved Tuition Reimbursement request form;
9. A canceled check or official receipt of payment made for tuition, allowable fees and receipts for books;
10. The official record indicating an acceptable grade (C or above) or satisfactory completion; or, for fall semester classes, a Projected Grade Letter form completed by the instructor(s) with the employee's anticipated grade. The Projected Grade Letter form is available through the MySutter Connection portal
11. Paid tuition reimbursement is applied toward the benefit amount available for the calendar year in which the expense reimbursement is paid to the employee, i.e. an employee who begins classes in the fall semester but submits the grades and receipts in January of the following year will have that amount counted against the calendar year in which the expenses are reimbursed. Employees are encouraged to submit these documents as early as possible for courses that end late in December. If an employee is taking a class in the fall through the Tuition Reimbursement program and wants the benefit allocated in the same calendar year, s/he must submit the tuition reimbursement request by the first Friday in December of the current year (see above).

The parties agree that the previous PAMF policy "Foundation's Educational Reimbursement and Educational Leave Policy, PolicyStat ID: 2839868, dated 9/30/2016", ceased to apply to ESC Represented Santa Cruz Infusion RNs as of July 2, 2019. If any employee received payment under the old policy, from July 2, 2019 through the signing of this agreement, the employer agrees to not seek reimbursement from that individual, and that amount will be applied to the Tuition Reimbursement Policy outlined above.
